

END OF THE YEAR

Activities

HAVE SOME FUN AT THE END OF THE YEAR

PLAN A DREAM VACATION

If you were given a budget of \$5000, where would you go on vacation? Pretend you can go anywhere in the world. Pick a place and research the fun activities you and your family can enjoy. You'll not only learn about another place, but you'll also learn about how to adhere to a budget.

CREATE A VIDEO

Share some of your favorite memories from the school year by creating a short video. This past year has definitely been different from all of the others, so document some of those differences. You can share the video with your family and friends.

MAKE A PLAYLIST

What songs did you love to listen to throughout the school year? Create a playlist to remind you of all of the fun you had during the year.

SEND THANKS

Think of all of the people who helped you get through this crazy, pandemic year. A handwritten thank you note will show those who care that you appreciate their efforts.

SHARE YOUR CREATIONS WITH YOUR FRIENDS AND FAMILY OR ON SOCIAL MEDIA!
